

REALIZE MDM MIGRATION AND SYSTEM CONSOLIDATION QUICKLY AND INEXPENSIVELY

The **EBF MIGRATOR** gives your company extensive freedom of choice for mobile operating systems. This tool can be used to execute migration and consolidation projects quickly and efficiently. An intuitive user interface integrates end users intelligently into the process, relieving your IT department of the task. The combination of automation, standardization and self service minimizes downtimes during the migration process and cuts costs significantly.

SOURCE SYSTEMS

- ✓ BlackBerry 10
- ✓ Airwatch
- ✓ Citrix Xenmobile
- ✓ Good for Enterprise
- ✓ MobileIron Core
- ✓ Connected Cloud
- ✓ IBM Maas360

TARGET SYSTEMS

- ✓ MobileIron Core
- ✓ MobileIron Cloud

BENEFITS FOR YOUR ORGANIZATION

- Resource and time savings due to automation
- Extensive freedom of choice for mobile operating systems
- Managed integration of end users
- High cost savings through low support requirement in administration and minimum downtimes during migration and consolidation
- The payback of the acquisition costs is achieved with the migration of fewer than 100 mobile devices

FEATURES

- EBF Migrator is available in both cloud and on-premise instances
- The architecture is open, where other source and target systems can easily be integrated
- Intuitive user interface
- EBF Migrator currently includes BES5 and BES10, VMWare Airwatch, Citrix Xenmobile, Good Technology, Fiberlink MaaS360 and MobileIron VSP as source systems and MobileIron VSP and MobileIron Cloud as target systems
- Self-service mechanism with the possibility of integrating role-based ordering portals

FUTURE-PROOF SOLUTIONS FOR YOUR BUSINESS SUCCESS

- 20 years of experience in the implementation of national and global IT projects
- Our customers include small to large German and international companies including more than half of the DAX 30 corp.
- Data Mobilization, mobile device management and the connected services are our current and future focus
- We offer products and services from our trusted partners at Microsoft, MobileIron and IBM to match all of our customers' needs
